The Chevy Chase ball tossers defeated the team from the Metropolitan Club in the annual interclub game yesterday at American League park. The score, when the dust of battle had subsided and the frenzied scorekeepers had sized up the situation, was found to be 16 to 12 in favor of the Chevy Chase team.

Chevy Chase First at Bat. Chevy Chase was first at the bat. That crafty veteran of the slab, Leonard Nicholson, was doing the twirling for the Metropolitan Club, and Dr. "Breck" Bayne was wearing the mask and body protector with all the nonchalance of a suffragette baiting a minister of the British government.

BLAMED FOR DEATHS

Simpson and Toepfer Arrested for River Crash. NEGLIGENCE IS CHARGED

Drowning of Two Women Resulted. Arrangements for Hearing June 26. Coroners Jury Holds. Practically Completed.

LARGE CROWD AT HEARING. Wife of Owner of Lotus Almost Falls When Police Take Husband.

Because of alleged negligence on the part of Arthur W. Simpson, of 223 11th street southeast, owner of the gasoline launch Lotus, and Charles Toepfer, of 451 H street northwest, who was steering the launch when it collided with the excursion steamer Angler last Sunday evening, resulting in the drowning of Mrs. Bessie Williams Halber and Mrs. Sarah Thompson Nelson, a coroner's jury late yesterday afternoon found them over for the action of the grand jury.

Both Are Arrested. Following the verdict Lieut. Carl Fletcher of the fourth precinct and 12 detectives Howlett and Pratt arrested Simpson and Toepfer. Assistant United States Attorney James Hawken, who represented the government in the inquest, after a conference with Justice Stafford, secured Simpson's bond at \$5,000, and that of Toepfer at \$3,000. B. L. Simpson, father of the owner of the launch, gave bond for his son, who is in custody at the police station.

James Toepfer, a dealer in boat equipment, who acted as an attorney for Attorney Charles Diggs, representing Mr. Simpson, testified that his boat had never been inspected by an inspector during the time he had operated on the Potomac river. Mr. Montgomery declared he had used boats on the Chesapeake Bay, Atlantic ocean and other bodies of water and at other ports, and that an inspection had been made of his boats elsewhere, but that none had ever been made here.

Said Beer Was Consumed. Testimony was given that two dozen bottles of beer were on board the launch, and Claude Burlingame of 617 Massachusetts avenue northwest, a sailmaker, who was one of the passengers, said that all of the beer was consumed.

Burlingame said that he was in the cabin practically all the way up the river. He told of the other members of the party, including Mrs. Toepfer, Simpson and Toepfer, lying in the cabin.

Told to Steer Straight. The witness explained that he did not think Toepfer, who was steering, knew much about it, and told Simpson to make him steer better. He testified that the owner of the launch thereupon told the helmsman to "steer straight."

The witness said further, he heard some one call "lookout." He was in the cabin at the time and ran to the rig up the river from Marshall Hall. He said he was in the cabin, and did not see any one else inside. He declared that he only had two bottles of beer.

An even larger attendance was at the session of the committee on Monday, Friday afternoon, and again many were forced to remain on the outside of the large time building during the hearing of evidence. Mrs. Simpson, wife of the launch owner, attended both hearings with a friend and was standing in front of the building when her husband was placed under arrest. The fact that her husband was being held by the police, following the verdict, came to her attention and she would have fallen to the street had not friends assisted her. She was escorted by a person to her home, where she was taken away by the police.

GET DOWN TO WORK

Several National Committees Arrive at Chicago. CONTESTS NOW TOTAL 228

Arrangements for Hearing June 26. Practically Completed.

CHICAGO, June 1.—With the arrival of several members of the national committee, it is probable that it would be physically impossible to take care of the more than 4,000 newspapers which within the last few days have indicated a desire to be accommodated with seats for their representatives.

Press to Have 534 Seats. "Originally there 434 seats," said Col. New. "That number has increased to 534 and that is the final limit. The allotments have all been made, and there will be no additions or changes."

It was reported tonight that when the national committee meets its first business will be the election of a chairman. Since the death of John E. Hill of Maine, the secretary of the Roosevelt forces, has been acting as chairman. Several men have been suggested as possible successors to Mr. Hill. It is expected that the national committee will meet in the Taft headquarters in the same hotel in which the national convention will be held.

Senator La Follette and Senator Cummings, each of whom had delegates instructed for him in the convention, also have arranged for headquarters. The storm over the allotment of tickets brought about the refusal of the chairman to honor the request of Senator Dixon for 200 tickets was little in evidence today.

"The ticket incident is closed," said Col. New. "I have nothing more to say about it."

Politicians who have watched the ticket tempt were inclined to believe the national committee would sustain the contention of Col. New that the different candidates would not be recognized as entitled to blocks of seats. Horace Stillwell of Anderson, Ind., one of the state secretaries of the Roosevelt forces, conferred with Col. New today.

A contest which is based on the wording of the constitution of the party was received today by Secretary Hayward from the fourth district of California.

Got Majority of Votes. Delegates were selected in a statewide primary in California, and Col. Roosevelt was favored in the fourth district. E. B. Tamm and Morris K. Udall, of San Francisco, Taft followers, certify to the national committee that they were the choice of the republicans of their district, having received a majority of the vote in the statewide primary.

The Taft men raise their contest on a paragraph in the national convention call which follows: "Provided further, that in no state shall an election be so held as to prevent the selection of delegates from any congressional district and their alternates being selected by the republican electors of that district."

SAYS OHIO CONVENTION IS SAFE FOR COLONEL. Walter Brown Makes Claim After Seven Counties Select Delegates.

COLUMBUS, Ohio, June 1.—Chairman Walter E. Brown of the republican state central committee, and manager of the Roosevelt campaign in Ohio, tonight declared that the Roosevelt forces will control the republican state convention next week with 429 of the 734 delegates, and will be able to name Ohio's six delegates at large to the national convention.

This claim was made after the results of republican conventions held today in seven counties, the last to select their delegates to the state convention, had been received. The seven county conventions voted to send thirty-five delegates pledged to Taft, fifteen for Roosevelt and six unpledged delegates to the state convention.

Fairfield county, which was scheduled to send six delegates, pledged to Roosevelt, failed to instruct its delegates. Supporters of President Taft claim this to be a Taft victory.

Disagree in Madison County. The convention in Morgan county voted to send four delegates instructed for Roosevelt, and Richard county seven delegates instructed for the former President.

Montgomery county's convention will send twenty-nine delegates instructed for Taft, and Champaigne county six delegates instructed for the President. The Madison county convention failed to agree and will send five unpledged delegates. Shelby county voted to send four delegates pledged to Roosevelt.

Both the Taft and the Roosevelt factions have practically decided upon the personnel of their choice for delegates at large. If the Roosevelt forces win, the delegates, it is said, will probably be Walter F. Brown, James R. Garfield, W. Foster, Dan R. Hanna, R. O. Nevins and Randolph W. Walton.

Should the Taft supporters win it is probable that the Ohio delegates will be L. C. Laylin, Taft's Ohio campaign manager; National Committeeman A. I. Vorse; Charles P. Roosevelt, former President; Warren G. Harding, and Senator Burton.

Tennessee Society to Entertain. The Tennessee Society of the District of Columbia has arranged to give an entertainment Tuesday night at 8 o'clock in the W. men's Christian Temperance Union Hall, 522 6th street northwest. The program will include musical selections and recitations. This probably will be the last meeting of the season. Refreshments will be served.
